

1. **KYC** Submit

People who participate ICO before will familiar with KYC verification, but some of you aren't.

KYC is abbreviation of Know Your Customer.

Companies that do business with money transactions must provide their customer information when governments request for it.

So KYC verification is a trend among the companies and Mile follow those trends too.

You cannot take Mile Token if you not verified KYC !

So you have to follow the KYC procedure.

If you have any questions about the KYC verification, please email to Mile support team.

support team → support@mileico.com

KYC Progress

Token Sale Participants can only get a Mile If they pass two KYC related checks
(KYC submission confirmation, KYC verification confirmation.)

Please contact support@mileico.com for KYC related inquiries.

You have not submitted KYC yet

As blockchain technology-related transactions have increased, concerns about anonymous transactions for money laundering purposes have been raised internationally. In order to prevent any suspension of use or difficulty of use due to future legal regulations on anonymous transactions, Mile has implemented KYC procedure. KYC implementation will protect the Mile project from legal risks, provide the team for a more stable development environment, allow more liquidity for MIL, and better enable the community connections.

Please note, you MUST complete the KYC process properly in order to participate in the token sale. Otherwise, your contribution will be refunded after the token sale. Particularly, when you upload your ID file in question 3 or 4, you must hide / mosaic personal information such as your resident registration number or driver's license number. Mile does not collect or store your personal identification number and will not ask for such number. If you provide us your personal identification number by mistake, Mile will delete your number. Please note that there may be a delay in completing the KYC procedure in such case.

If you click KYC submit, you will see Mile KYC form.

We mentioned about the reason why you should do KYC verification and if you don't do the verification you cannot participate in Mile ICO.

Please do read and click agree if you confirm.

- * 1. Mile collects personal information for user verification (KYC) purposes related to its sale of MIL tokens as follows:

Collection and Use of Personal Information

Mile collects and uses personal information to confirm the name of MIL token purchasers and to confirm the identity of MIL token traders.

Information Collected

Mile collects the name, nationality, country of residence, birthdate and address of QTUM wallet address (excluding personal identification numbers such as resident registration number, driver's license number, passport number).

Retention Period

Mile retains personal information collected until it achieves the purpose for which the information was collected.

Please note that members who do not consent to the collection and use of personal information above by Mile will not be able to participate in the KYC process and subsequent MIL token sale, as this collection and use of personal information is an integral part of the KYC process. By clicking on "Agree" you are agreeing to this conditions.

* 2. Terms and Conditions

By clicking on "Agree" you are agreeing to the following terms and conditions. By clicking on "Agree" you are agreeing to the following terms and conditions.

☒ Agree

* 3. Privacy Policy

By clicking on "Agree" you are agreeing to the following privacy policy. [Privacy Policy Document](#)

☒ Agree

* 4. Upload Photo of "Passport" or "Government Issued Photo ID"

You must **HIDE your unique identification number** such as social security number and passport number, for example the red part in the image below. If you do not HIDE your unique identification number, your KYC application will be rejected.

You should **conceal** the red highlighted personal information in question number 4 before uploading.

Although you don't hide it,
Mile Team will ignore those information.

* 5. Upload Photo of You Holding "Passport" or "Government Issued Photo ID"

You must **HIDE** your unique identification number, for example the red part in the image below. If you do not HIDE your unique identification number, your KYC application will be rejected.

Same for number 5, **cover your personal information**,
keep your ID card next to your face and take a picture.
And upload :-)

* 6. Email

Your email needs to be the SAME email that you used to join the MILE website.

I recommend you to put same e-mail address

* 7. First Name (English)

First name should be same with the information you submitted in number 3 and 4.

Number 7 to 12 must same for your passport, if you don't we cannot give a confirmation.

* 8. Last Name (English)

Last name should be same with the information you submitted in number 3 and 4.

* 9. Nationality

Nationality should be same with the information you submitted in number 3 and 4.

* 10. Residence

* 11. Date of Birth

Date of Birth should be same with the information you submitted in number 3 and 4.

Date

→ Mile ICO participation is complete!

I have explained how to participate in Mile ICO.

It seems to complicated to do it,
but you can do it in a second if you follow it one by one!

If you have any questions, please contact
to our support team
